

# Customs values

Goods are sent to FRENCO from non-EU countries

CC:  
non-EU customers

Datum: 24.07.2014

This customs information applies to all Frenco products and workpieces which are sent to Frenco from outside the European Community (e.g. for calibration, monitoring of inspection equipment, repair, etc.).

- Please ship all Frenco products and workpieces with a proforma invoice.
- The customs values stated in the proforma invoice must be realistic.
- Roughly values are shown in the tables below.
- According the rule of returned goods within the first 3 Years, customs are free, but the value stated in the proforma invoice must be the purchase price.

Age	Value of goods
<b>Gauges; Master Gears &amp; Artefacts</b>	
0 – 3 years	100% of new value
4 years and more	25% of new value
<b>Workpieces for for testing, measuring services, equipment validation</b>	
-	25 €
<b>Damaged or worn gauges for repair</b>	
-	25 €

If the purchase price is unknown or gauges of 3rd manufacturers are sent to FRENCO for testing or calibrating to Frenco, the following new values can be assumed:

Product	Value of goods to be stated
Spline gauges: Rings, plugs	800.00 €
AVM, IVM, Concentricity ring gauge	1,500.00 €
Artefact	2,000.00 €
IC-Artefact	3,000.00 €
<b>For not listed products the value is the purchase price</b>
